MEMORANDUM FOR: Deputy Director for Administration

SUBJECT : Polygraphing of Industrial Contractor
Personnel Assigned to the National
Photographic Interpretation Center

REFERENCE : Memo dtd 3 October 1974 from D/Sec
to D/NPIC, same subject
(DD/A 74-3974)

1. This memorandum is for your information.
2. On 3 October 1974 reference was forwarded to your office with a recommendation for your concurrence. Per your request dated 16 October 1974, the Office of Security contacted the DD/S&T on the cited subject to obtain a clear reading as to the "impact" if Industrial Contractors refused to be polygraphed. Attached is a memorandum from the Chief, Support Staff, NPIC, setting forth their assessment of the results of this action.
3. It is the opinion of NPIC and the DD/S&T that it is unlikely that any of the companies involved will refuse to participate in the polygraph program. Additionally, it is pointed out that several of the companies involved are already aware of the Agency policy concerning the polygraphing of individuals requiring visitor-no-escort access to Agency buildings.
4. It appears that there will be little or no adverse impact if the program regarding polygraphing of Industrial Contractor personnel assigned to NPIC is implemented.
